"The Land of Sunshine And Flowers" And The "City Beautiful"

A trip to Southern Florida and back in five days, including a 24-hours' stay in Atlanta, is going some, but that is what this exceptionally poor traveler did last week. It was our intention to remain longer in the "Land of Sunshine and Flowers," but a combination of circumstances prohibited the carrying out of our purpose as we had mapped out. "Man proposes and God disposes," you know. Anyway, we had a satisfactory and altogether pleasant trip. Our objective point was Orlando, a delightful little city of some 8,000 inhabitants, about 150 miles south of Jacksonville, which latter city is, as our readers know, the gateway to Florida.

Orlando, which we presume got its name from the character in the Shakespearean play, "As You Like It," is in the South-Central portion of Florida, and is one of the busiest, cleanest, prettiest and best little cities in that State, noted for its beautiful towns. It is probably 35 miles from the Atlantic and 75 from the Gulf, and the ocean breezes make the climate well-nigh perfect the year 'round. The winters are delightful beyond the power of this pen to tell, while the summers are not so severely hot as they are in Central Kentucky. Tourists of the North cheerfully testify to Orlando's splendid climate, for, in winter, or in what they term the tourist season, 4,000 to 6,000 gather there in order that they may escape the cold blasts that they are sure to encounter almost anywhere else.

Besides being a tourist town, Orlando is a manufacturing center of no mean pretensions and is the seat of Orange county, the banner citrus growing county of the State. Some 8,000,000 or more boxes of oranges, grape fruit, tangerines and the like were shipped out of Florida last season and of this number Orange county growers shipped over a million. The crop this year is most promising, and as California's crop was killed last winter, prospects for the Florida grove owners are most flattering. They will have a big crop and prices will be high. Citrus fruit from Orange county commands the best prices on the market, because of its superior quality. There is something in the soil that makes the oranges grown there sweeter and better flavored than can be found in any other county.

Truck gardening is another big industry in which Orange county leads. Many thousands of cars of fresh vegetables are shipped North during the winter and from this source much revenue is derived.

We mentioned above that Orlando was a manufacturing center. There is there an iron foundry, employing many skilled workmen; a boiler factory, with a big pay roll; a patent medicine concern, which gives employment to a large force; a cigar factory, which turns out daily many hundred boxes of clear Havanas, several planing mills and one enterprise known as the Novelty Works, where a great deal of fancy wood work is turned out.

In order that the tourists and others

A WOMAN'S WORK
sometimes reduces her strength to the depths of weakness—her devotion to household cares prevents sufficient rest and recreation. Thousands of women in this condition find Scott's Emulsion exactly what they need; it is predigested body-food so medically perfected that every drop yields direct returns in strengthening the organs and tissues and in making healthy, life-sustaining blood. Scott's Emulsion is devoid of alcohol or any harmful drugs, and overcomes tiredness and nervousness in a marvelous way.

who come as guests to the "City Beautiful," which Orlando has justly been dubbed, enterprising citizens have built and are operating hotels, boarding and rooming houses to the number of fifty or sixty, some of the former ranking with the best in the country. The San Juan, an immense, six-story, brick structure, covering more ground than the courthouse square in Richmond, can take care of 500 guests and do its handsomely. The Wyoming, The Lucerne, The St. Charles and the The Tremont are others quite as well equipped, but are not so commodious. No one leaves Orlando for the reason that he cannot be cared for. Were the hustling citizens told of even the probability of such a thing occurring, the erection of additional hotels would follow post haste. And the beauty of it is, you can get any kind of accommodations you want. If your jeans are too well filled with filthy lucre, Mine Host Harry Beaman, of the San Juan, could divorce you from some of your surplus by giving you a suite at say \$15 to \$25 per day. On the contrary, if you want reasonable board you can get it at \$8 to \$15 per week. There are prices and accommodations within the reach of all. Try and see for yourself.

Orlando is a peculiar place in that there are 15 fresh water lakes in her corporate limits. Some of these are very beautiful, Lake Lucerne being something like the lake in Switzerland bearing the same name. Then there are Lake Eola, Lake Minnie, Lake Concord, Lake Ivanhoe, Lake Highland, from which the city gets her supply of water, and others, all pretty and clear and teeming with fish of many varieties. There are 1,100 clear water lakes in the county. Lake Apopka, 21 miles long, lies partly in Orange.

Orlando is the best paved and bricked city in Florida and probably in the United States. The pavements, which are almost perfect, are built of hexagonal blocks, artistically laid, while the streets are paved with vitrified brick that cost four cents apiece and were considered bought at a bargain at that. They are swept twice daily and the place from center to circumference reminds one of "Spotless Town," so scrupulously clean it is.

During the less than twenty months that have elapsed since we left Orlando, where it was our pleasure to live for two years, there has been marked improvement. Business houses and homes have arisen mushroom-like and there is evidence of prosperity on every hand. Over 500 creditable buildings have been erected and the population has increased from 5,000 to nearly 8,000. Its citizenship is cosmopolitan and a magnificent one it is. There are no factions politically or socially and all alike join in the effort to make Orlando bigger and better, as well as make it pleasant and appealing for all who enter the city's domain. We never saw a warmer-hearted, better people, nor one more responsive to all things that portend to general good.

An idea of how property is advancing there is shown in this: In December, 1911, twenty months ago, we wrote for the Reporter-Star, with which we were then associated, a brief notice of sale of a vacant lot, 90x150 feet, in the heart of the city, for \$19,000. Many thought the price was ridiculously high, while the wisecracks said it was a mistake of the paper. Less than three months ago that same piece of ground changed hands at \$80,000. And this is only one of the many instances where Orlando dirt has increased to double its value in two years. Upon the lot above referred to there is being erected a four-story business house, to be used as a department store, and which will cost about

\$150,000.

The little city by a considerable majority adopted the commission form of government the day we were there. It remains to be seen whether the legal voters of the "City Beautiful" acted wisely in casting their ballots. The question is one to which we have given little or no thought, but are confident it is a debatable one.

Orlando, which is not much larger than Richmond, has two thriving daily papers and three weeklies. The Reporter-Star, which is the oldest daily in South Florida, is edited by Mr. George C. Keller, formerly of Harrodsburg, but more recently of the Interior Journal, Staunton. He was an understudy of Col. W. P. Walton, who spent a portion of last week in Richmond. We are glad to say that Mr. Keller is "making good" in all that the slang phrase implies. His paper is a strong one, a booster for Florida and its influence for good is felt far beyond the confines of the county in which it is published.

We have been asked if it were not very warm in Florida at this season. It is not. On the contrary, it is far more pleasant in Orlando in summer than it is in this part of Kentucky. The mercury goes just as high there, but then there is almost always a delightful sea breeze, which not only makes life bearable, but very much worth living. Then too it rains nearly every day in the hottest season, and this is a great help from the standpoint of comfort.

A great State is Florida already, but we believe the day is coming when she will rank with the best in the bunch. The largest in point of territory east of the Mississippi river and with fewer people than live in the city of St. Louis, she has not yet attained her growth in population or industry, but the day is coming, and by leaps and bounds, when the Peninsular State will be hailed as "the first, the last, the best; the land of prosperity and plenty." So mote it be!

Esq. Geo. M. Smith.

Tilford Jones Hurt in Game.

Tilford Jones, who is now outfielder for the Columbus team and who used to manage the Richmond Blue-grass leaguers, suffered a severe accident in a game between Milwaukee and Columbus which will keep him out of the game for some time. Jones is one of Columbus' best hitters and his absence will be very much felt.

He sustained a fractured right jaw when he and Shelton collided at full speed while going after Berg's short fly in the third inning. Both men were badly hurt and were at once removed to a hospital.

On the celebrated Stearns & Foster Mattress and are offering this most Comfortable, Durable and Sanitary of all Mattresses, in selected patterns of the best qualities of Satin-finish, Dust-proof Tickings—WITHOUT EXTRA CHARGE.

Beware of so-called "Special Sales" on "Cotton-felt" or "Felt" Mattresses—said to be the "genuine kind" and offered at such ridiculously low prices as are sometimes seen displayed. You do not know WHAT sort of material has been hastily STUFFED into the ticking. From a Sanitary standpoint, it may be vile; unfit for any person to sleep upon. As for genuine Comfort and Durability, such Mattresses are utterly worthless. It don't pay to buy them.

Stearns & Foster Mattresses have a laced opening (Pat. applied for) through which you can see and examine the inside of the Mattress you GET. That's the safe way to buy a Mattress. You know what you are getting.

Stearns & Foster Mattresses are made of Clean, Sanitary Cotton; felted into hundreds of little webs forming many Springy, Buoyant layers standing nearly three feet high. These layers are then LAID BY HAND and compressed to ONE-SIXTH their original height and encased in the ticking; then tufted to just the proper tension so as to be Soft, yet Firm, half yielding to your figure, but supporting it in perfect relaxation.

You will say—

"I never Knew a Mattress could be so Comfortable."

That's just what satisfied users of Stearns & Foster Mattresses are saying. You owe it to yourself to get one and enjoy rest that is Refreshing—Comfortable—Healthful.

You don't have to be put to the expense and inconvenience of sending a Stearns & Foster Mattress away to be "Made Over" or "Renovated." They never require it. An occasional Sun Bath keeps them fresh and clean.

Don't Fail to attend this Sale. Come today.

Select the Mattress you want—NOW. Don't put up longer with that old uncomfortable Mattress.

Caught Heavy Fine.
For flourishing his pistol around the depot Sunday evening, frightening travelers and otherwise disturbing the peace, a fellow named Ray Rutherford, caught a fine of \$50 and 30 days in jail for carrying concealed weapons, in Judge Greenleaf's court Monday.

They Trimmed Him Up.
At Perryville last Saturday a fellow went up to the polls to vote who hadn't shaved for several weeks and with his hair newly to his shoulders. Several men in the crowd, it is said, told him that this was to be a clean election and seized him and carried him across the street to a barber shop, gave him a nice shave and a hair cut then turned him loose to vote.—Harrodsburg Herald.

Lightning Gave Close Call.
Lightning struck the home of Bud Thill, who lives on Clay's Lane, Thursday night, knocking a hole in the building, demolishing the porch and damaging the house generally. His daughter, who was asleep, was hidden under the stairs, but fortunately she nor any other occupant of the house was hurt in the least.

Tried to Sell Stamps at Reduced Price.

While attempting to sell a large number of two-cent postage stamps at the reduced price of one cent each, Jim Doudier, of Berea, and William Mullins, of Estill county, both white, were arrested at Winchester and are being held on suspicion. Several days ago a rifled mail sack was found in an empty Lexington & Eastern mail car and when the prisoners offered so many stamps for sale at reduced prices suspicion was immediately aroused and their arrest followed. The postal authorities have been notified and an investigation will be made.

Death of Dr. Giles Harris.
Died at his home on West Main street in this city, August 11th, at 1:40 p. m. Dr. Giles Harris, in the 69th year of his age. He has been ill for several years with a complicated stomach trouble and several times within the past eighteen months his life was despaired of, but each time he rallied, owing to his naturally strong constitution and his enduring will power not to give up but finally, he had to yield to the grim reaper—to the common fate of all. Funeral services were held this morning at his late residence conducted by Elder C. K. Marshall, thence his burial in Richmond Cemetery. He leaves a wife who was Mrs. Belle Rayburn, of this city, and one brother, Dr. James A. Harris, a physician of Mt. Vernon, Missouri.

Mrs. Susan Tudor Dead.
Mrs. Susan Tudor, aged 79, relict of V. K. Tudor, died at her home near East Hickman, Jessamine county, Sunday morning and the remains were conveyed here and interred in the Richmond Cemetery at 1 o'clock Monday afternoon, after prayer at the grave by Dr. E. H. Barnes. Paralysis brought about her demise. She was a sister of Mr. Lem Hill, once clerk of the Madison county court. Mrs. Tudor was a Godly mother and an excellent woman, and her many friends in this and Jessamine county sorrow at her taking away. She leaves the following children: Silas, Humphrey and W. K. Tudor, of this county; V. K. and Lemuel Tudor, of Jessamine; Leonard Tudor, of Stockton, Kansas; Charles Tudor and Mrs. W. D. Hudson, of Piqua, Texas.

Judge Shackelford's Triumph.
Judge W. R. Shackelford and his friends, whose name seems to be legion, certainly have cause for pride over the handsome endorsement given him for county judge of this county, and when it is considered that he was opposed by two worthy and popular men, as Judge Henry C. Rice, his nomination by nearly one thousand votes, his victory is hardly short of wonderful. It is said that Republicans are ungrateful, but the charge cannot be laid to the Democrats of this good county, who so gratefully exhibited their appreciation of a splendid official, who has devoted his time and talents to the people's service and managed the finances of the county in such an excellent manner. The honor of a renomination was most worthily bestowed. Judge Shackelford has proven his capacity and fitness and it is well that he has been given a further lease of power for good.

READ BELOW HOW AN OLD GENTLEMAN WHO HID HIS MONEY OVER THE CLOCK NEARLY LOST \$2000.00

After an intelligent old gentleman at the age of 76 dropped DEAD in his home, his son found over \$2,000.00 in PAPER MONEY over the old clock which stood on the old wooden mantle, surrounding an open crackling fire. Not even HIS OWN WIFE knew that much money was there. The old gentleman was simply CARELESS. His son had married the town banker's daughter, and the bank was trusted. Both the old gentleman's MONEY and LIFE were in danger; for burglars have a way of learning where money is hidden, and fire at any time might have burned the house.

Close Elections.

The number of close races in the primary was remarkable. Dewin in Christian county the two candidates for County Attorney got exactly the same vote, and settled it by flipping a dollar. In the Senatorial race between Mr. Hadden and Mr. Clay, in the Mt. Sterling district, the vote is so close that the official count is required to decide the winner. In Nicholas county Deputy Sheriff Parker was chosen over Mr. Rankin by but two votes, while from all over the State reports came of many nominations being made only by a few votes over their opponents.

This is unfortunate for several reasons, mainly because the man beaten by only a few votes is apt to claim that he is entitled to the nomination and stir up strife. Fortunately, however, the average candidate is a good loser, and unless he feels that he has been very badly treated usually takes his medicine and announces that he will support his opponent with all his might. This spirit is commendable. Let there be no putting and no exhibition of sore spots, and if the vanquished will all they can for the victor we will win all along the line. In the language of the typewriter copy for beginners, "Now is the time for all good men to come to the aid of their party."—W. P. W.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous membrane of the Eustachian Tube. When this tube is inflamed you have a running of the ears, usually of the Eustachian Tube. It is entirely closed by the inflammation, and the fluid in the ear is not renewed. The fluid will be destroyed forever; new cases out of the ear are caused by catarrh, which is nothing but an inflamed condition of the mucous membrane. We will give you the Eustachian Tube cure for any case of deafness (caused by catarrh) that cannot be cured by Halls Catarrh Cure. Send for circular, free.

If You've Only Got The Sand

By Edward D. Sommers.
Are you struggling on life's journey? For a place toward the top? Are you sometimes faint and weary? And almost inclined to stop? Do not falter, but keep going: Grasp your shaft tight in your hand; Push ahead; you'll surely get there. If you've only got the sand.

Do you wish to be a soldier? Fighting battles for the right? Strap your knapsack on your shoulder. Grasp your weapons firm and tight; You can lead the hosts to battle. You are armed can command. You can reach the front and stay there. If you've only got the sand.

Would you gain an author's laurels, Winning heats with ready pen. Setting words to pleasant music. Shaping thoughts and wills of men? Would you help the world be better? Help drive evil from the land? Buckle in! you'll surely get there. If you've only got the sand.

Or, is there some fond position That you eagerly desire? Does fame hold some crown above you? To gain which you would aspire? Make a start, if you would win it! Pluck is always in demand. There is naught you cannot conquer. If you've only got the sand.

Fresh Cakes received daily: Marble Yellow, and White. They are good and cheap at the price, 10c. each. D. B. McKinney. 70-1f

Jim's Dropsy.

Doctors gave up Jim Woodward, of Cuba, Ill., he was so dropsical. So Jim shot himself, but the bullet let out the fluid and Jim's getting well. Hereafter James will likely call in an expert trapper instead of a doctor when ailing.

Bad Telephone Service.

After trying two hours to have, in the end, a most unsatisfactory conversation with four or five men in different parts of the county Friday morning, we were driven to the conclusion that a couple of tin cans and a piece of tightly stretched string would give as good service as mere telephones we know.—Lafayette Mercury.

Fine Farm

AND

Valuable Personality at Public Sale to the Highest Bidder.

As Executrix of Nixon Perkins, deceased, I will sell to the highest bidder, on

Thursday, September 4, 1913

sale beginning promptly at 10 o'clock, the farm, crops and all stock and farming implements. Sale held on the premises. The farm contains 340 acres with a beautiful dwelling and modern conveniences, with all necessary outbuildings in good repair, located near Marksbury in Garrard county on the Lancaster, Nicholasville and Lexington turnpike road, six miles from Lancaster and eight miles from Danville. The site upon which the dwelling is located is attractive and all the surroundings are beautiful, and the farm is ideal for residence purposes.

We unhesitatingly assert that there is no more beautiful and fertile farm of 340 acres in all the blue grass region of Kentucky, nor a farm of this size with less waste land nor any one adapted to more profitable farming purposes. Every acre of the 340 acres is hemp and tobacco land and there is a large tobacco barn on the farm. 130 acres in meadow and the remainder in cultivation. The farm is especially adapted to stock raising on account of the abundance of water on all parts of the farm furnished by seven never failing springs. The soil is the true blue grass kind, which makes stock raising profitable. The farm is improved with barns, which are supplied with water for the purposes of handling stock.

There are two comfortable tenant houses on the farm and farm labor can be acquired at all times in this locality. The purchase of this farm can truthfully be said that there is no better in the State of Kentucky.

Terms made known on day of sale. Dinner served on the grounds. For further information call on E. W. Perkins, Lancaster, Ky., or

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.
